When do I pay the project fee? Facilities on the island are limited and we can only accommodate a small group. Please contact us at once. Reserve your space by sending a \$500 non-refundable deposit when your application is accepted. The rest of the fee is due by April 20.

Notes:

Tax deduction. \$4000 of the project fee is tax deductible for American taxpayers, because AFAR is a non-profit 501(c)(3) scientific organization. Depending on the tax bracket of the person paying the fee, this may create a savings of \$1100-1400.

Project fee. Project fee includes all of your living expenses in the Marquesas, including food and local transportation.

Tuition. Tuition for academic (through your home institution or the University of Hawaii) is extra and depends on the number of credits you take. We recommend you arrange a 3 or 6 credit independent study course through your home institution, because it may be cheaper than the University of Hawaii and you will not have to negotiate the transfer of credits. The maximum number of credits through the University of Hawaii is 6. For a non-resident student, the cost is \$784/credit, or \$4704.
